LAGO DI GARDA LEFAY RESORT & SPA

The first jewel of the Lefay Resorts Collection is surrounded by gentle hills and natural terraces. With a spectacular view on Lago di Garda. Welcome in « Riviera dei Limoni ».

Space, nature, silence: the new luxury. Located in Gargnano (100 kilometers far from Bergamo airport), the resort is perfectly integrated into the surrounding countryside. Inspired by lemon groves, traditional local buildings used for the cultivation of lemons, characterized by original stone and wood pillars, Lefay resort is hardly visible before reaching it. If the main services (lobby, bar and restaurants) are located within the central body, the suite spread out towards the side wings covered with vegetation that makes it hard to distinguish them from the surrounding green areas.

An exclusive temple to wellness. However, the heart of the resort is definitely the spa. More than 4300 square meters dedicated to the harmony of your mind and body. Here, wellness is everywhere. In- and outdoor swimming pools, saunas, grottos and small lakes ; 24 hours fitness

Objective Image.

center, 11 hectares natural park with three different trails ; a brand new «Adults only spa», an even more peaceful oasis and, of course, an expert team for all your beauty and wellness treatments of Lefay Spa method, divided in different programs : Relax. Rebalancing, Reshape and Renew Yourself.

Italian modern estheticism. If you're looking for bling bling decoration, pass your way! The ambiance is relaxing, the colors calm and the decoration as simple as elegant. Bathrooms full of natural light, large bay-windows, comfy sofas and king size beds: space and peace are the new luxury... The 96 suites feature natural fabrics, precious materials including Italian marbles and olive tree woods.

Food for soul. Gramen's cuisine enhances natural ingredients without meat, dairy products or derivatives. A different gastronomy that combines ethics and balance. More affordable, La Limonaia, light and airy in design, welcome the guests with a Mediterranean-inspired cuisine between two spa rendez-vous, for breakfasts and casual dinners. Two spaces and two different ambiances which both respect the Italian perfect way of life, behave... and eat. Ciao! **Anne Smith**
