PINZOLO-DOLOMITI LEFAY RESORT & SPA

Immersed in the splendid scenery of the Dolomites, declared by Unesco a World heritage site, the second Lefay Resort Collection address combines personal wellness, gorgeous natural environment and Italian design spirit.

Like his older brother on Lake Garda, Lefay Spa Dolomiti is a temple dedicated to wellness thanks to its 5000 square meters wellness area on four levels (the largest in the Alps). Five areas, including an adult zone, all connected to the large central in/outdoor swimming pool which offers a spectacular view on the beautiful surrounding mountains.

Lefay spa treatments have been created combining traditional massage techniques to stimulate energy points and meridians and are tailor-made for the individual's physical and mental state for an efficient and long-lasting results. The good thing is that you can stay here in both winter and summer, as the location is so attractive and the Pinzolo area so charming with snow or sun. Visit the pretty resort of Madonna di Campiglio and enjoy the Dolomites between two treatments!

« Even food may become food for soul ». Lefay Vital Gourmet champions the respect of seasons, the selection of ingredients and fresh products. A philosophy based on sustainability and five principles: Mediterranean diet, seasonality, Italian spirit, ethics and local suppliers. The chef Matteo Maenza applies these values in the two restaurants, the Grual - worth for the enchanted forest decor - and the Dolomia.

The resort, inspired by the local types of construction and materials reinterpreted in a contemporary key, is divided into three units, integrated into the surrounding landscape. If the area is a real appeal to outdoor activities (ski during winter season, hiking, mountain bike, etc. during summer), the interior design invites the guests to stay inside and enjoy their suites and rooms' comfort and decoration : suites feature natural fabrics and precious local materials as oak, chestnut wood, burnished glass and local stones. Furniture is tailor made and mixes artisan expertise with Italian design. The 88 rooms are lightened by big windows and look out to the colors of the woods, the outdoor pool or the valley. The large marble bathrooms opened on the bedrooms remind you that you're in a temple of wellness and invite you to go and enjoy a body or face treatment. In conclusion, a special mention to the resort team, as friendly as professional. Italian charm, in short!
